ACHIEVEMENT...

*a time for looking back with **pride** & for looking ahead with **joy**.*

A goal without a plan is just a wish.

UNIQUE BUILDERS & DEVELOPMENT INC.

Your standards are high. Ours are too.

We took the invasion of your personal space very seriously. From demolition to completion, we tried to minimize the impact on your life.

There comes a day
when you realize
turning the page is the
best feeling
in the world,
because you realize
there is so much more
to the book than the
page you were stuck on.

— TARYN MALIK —

The kitchen remodeling team at Unique Builders & Development spent time getting to know you and understanding your vision for the project. We conducted a careful assessment of your needs to determine why you are remodeling your kitchen, who will be using it, how it will be used and more.

We worked closely with you to develop, refine and bring to fruition a design that incorporates a perfect balance of form and function.

BALANCE...

means making choices & enjoying those choices.

Congratulations!

Wishing you peace and enjoyment in your new dream kitchen.

Erin Morgenstern defines good Kitchen Alchemy as "the moment when ingredients combine to form something more delectable than the sum of their parts." We believe good kitchen design helps to inspire that moment.

The right time. The right choice.
